

Riverside's school development

Recently riverside have been developing the new school building that is being made to accommodate more of the students to come. It has 3 years groups with approximately 360 children. The school that is being built will include a sports hall, a bigger playground, more space at break time. The building is going to be a similar size to the current building. It will contain 160 pupils including the special school, the primary school and the student from our school using the building.
